Description:

Review "Born Without a Tail captures the real scenario of those people who simply find it impossible to turn away, or say no to, a stray or an animal in need of human intervention and love. Wulff writes with an imagery that is easily visualized by the reader. Anyone who enjoys animals in the least will appreciate Wulff's adventures with these four-legged creatures." -- *Brecksville Magazine*

"If you [also] love animals, I can guarantee you will adore this gem. The love Cayr and her friend, Dalene, have for these animals is clearly portrayed in this moving yet uplifting book. They are animal lovers with big hearts for not only domestic animals but for the waifs and strays too. I couldn't put this one down. I thought it was an absolutely brilliant book, especially as I myself share the same passions as the author and her "life mate" have for animals.

This is a tale that will appeal to animal lovers and perhaps children too." -- *Bookpleasures.com*

From the Author I'm sure you've heard of animal abuse...but have you ever heard about animal abuse where the abusers are the animals and the "abusee" is the human who has rescued them?

That's how some of the stories unfold in my book, "Born Without a Tail", a true-life chronicle of 20 odd years of pet rescue. 1/3 of the proceeds from sales of my books is donated to local humane group Valley Save-a-Pet for their humane programs.

The book begins by sharing the childhood and young adult stories that shaped my affinity for pets and set the stage for some 20 years of volunteering for VSAP. The rescues are stories of the abused, the abandoned, and the unadoptable animals that entered my life and ultimately stayed.
