Description:

This exciting program features 13 counseling sessions in which Dr. Corey works with client Stan, using each of the theoretical concepts covered in this book. In each of the sessions, Corey applies a few selected techniques that effectively showcase how each theory works in a real-life counseling

session. This program already is getting rave reviews from instructors. They often find that assigning portions of the video as homework allows them to use class time productively to discuss video concepts and insights that students have gleaned from the video.
