Description:

Although we think we know the story of the *Titanic* - the famously unsinkable ship that hit an iceberg on its maiden voyage from Britain to America in April 1912 - little has been written about what happened to the survivors after the tragedy.

How did the loss of the ship shape the lives of the people who survived? How did those who were

saved feel about those who perished? And how did they remember that terrible night? *Shadow of the Titanic* will shed new light on this unforgettable event by showing how the disaster continued to shape the lives of those passengers who escaped the sinking ship.
