#### Description:

Snap! The world didn't end on December 21st, 2012! Oh, well, look on the bright side: You got plenty of time to read this excellent anthology of apocalyptic stories.

This compilation brings together short stories by award-winning science fiction and fantasy authors Hugh Howey, Michael J. Sullivan and Tristis Ward, with fresh, new voices selected by their peers at SFFWorld.com - all brought to you in this first-of-its-kind anthology.

Each story explores a different end of the world. What is the limit of a computer virus? Can we save

the world by stopping time itself, or will we just wither away in the relentless winds of the apocalypse?

Grab your copy now before the end of the world, and find out.
