Description:

About the Author Elle's first self-published romantic comedy, *The Frog Prince*, became an Amazon bestseller in December 2010--a distinction it kept through the summer of 2012, when it peaked at #1 on Amazon's Top 100 List for Humor ahead of both Tina Fey and Janet Evanovich. She was one of the first authors to sign on to Amazon's KDP Select and to take advantage of that program's "free promo days," which she used on Valentine's Day 2012 to give away 45,000 copies of her novels, catapulting her second novel, *Sleeping Beauty*, to Amazon's bestseller list. In March of 2012, she published an alternate ending version of her novel *Sleeping Beauty* called *Sleeping Beauty Wakes Up!* in response to fan feedback. Her fourth contemporary romance, *Alice in Wonderland*, was

released in November 2012; it will followed by Rapunzel, Jack and the Beanstalk and Goldilocks and the Three Bears.

Elle is considered a "reluctant expert" on the topic of self-publishing and consumer purchasing psychology, and she is well-known for taking advantage of her full creative control by pushing the envelope--and advising other independently published authors to do the same. In May 2012, Elle was invited to become an Expert Publishing blogger for Digital Book World. Her second blog for that site was named one of the "Top 10 Digital Publishing Stories of 2012." She has contributed to articles on self-publishing for Time Magazine and Writers Digest. Her interviews have appeared on USA Today's Happy Ever After blog and GoodEReaders. She's appeared on the Trash Talk Show with Barb Tobias, Your Book Is Your Hook with Jennifer Wilkov, Authors on the Air with Pam Stack, and Denver's 9News.

Elle lives in Denver, Colorado, and keeps a miniature dachshund named Bacon around the house to provide comic relief.
